All—

I am circulating, for awareness review, the next interim production of responsive documents to a FOIA request from Richard Lazarus. The requestor asked for documents pertaining to the decision of the U.S. Environmental Protection Agency in 2003 that greenhouse gases were not pollutants within the meaning of the federal Clean Air Act. Documents with DOJ equities have been cleared by DOJ for release. Redactions currently appear as transparent and will be “burned” once review is complete. Please review this PDF by noon on Thursday, August 28 and let me know if you have comments or questions. We plan to release the documents on Friday.

Thank you,

Jonathan Lubetsky
